The Legislature in 1917 passed an Act (Chapter 2, approved April 25) providing that the fiscal court of any county in the State may submit to

the voters at a special election to be held for that purpose, the question of voting a tax of not exceeding 20 cents on the $100 on all property subject by law to local taxation, under Section 157*a* of the Constitution, for the improvement of roads, such levy to be made for not more than 10 years. Provision is also made, by an Act of the 1922 Legislature, for borrowing money in any year in advance of the collection of the tax for that year, not exceeding 95% of the estimated tax, and for the issuance of bonds therefor.

The 1920 Legislature passed an Act (Chapter 45, Laws 1920) giving Consolidated School Districts and County Boards of Education authority to issue bonds, subject to the approval of the voters, for school purposes. Bonds issued under this Act are subject to the limits prescribed in Secs. 157 and 158 of the Constitution.

Numerous other Acts are on the statute books, but we have not the space to give to them. It should be noted, though, that as a rule each statute provides that the bonds it authorizes may not be sold at less than par.

DRAINAGE AND LEVEE DISTRICT INDEBTEDNESS.—Under the terms of Sections 2380-34 and 2380b-42 of Carroll's Kentucky Statutes, 1922, the Board of Commissioners of a drainage district may issue bonds in an amount not to exceed 90% of the total amount of the minimum district assessments. Such bonds may not bear more than 6% interest, and may not be sold at less than par.

Sections 2417b-19 of Carroll's Kentucky Statutes, 1922, authorizes levee district commissioners to issue bonds bearing not more than 6% at not less than par.

SAVINGS BANKS INVESTMENTS.—Laws do not specify particular securities. Investments are made at discretion of officials of savings banks.

INVESTMENT OF TRUST FUNDS.—Section 4706 of Carroll's Kentucky Statutes, provides as follows:

SEC. 4168.—*Investment of Funds by Fiduciary.*—That it shall be lawful for persons or corporations holding funds in a fiduciary capacity for loan or investment to invest the same in real estate, mortgage notes or bonds or in such other interest-bearing or dividend-paying securities as are regarded by prudent business men as safe investments, and to make loans with such securities as collateral; but such funds shall not be invested in the bonds or securities of any railroad or other corporation, unless such railroad or other corporation has been in operation more that ten years, and during that time has not defaulted in the payment of principal or interest on its bonded debt, or be invested in the bonds of a county, district, town or city that, within ten years, has defaulted in the payment of the interest or principal of its bonded debt; and a fiduciary shall account for all interest or profit received; provided, however, that it shall be lawful for persons or corporations holding funds in a fiduciary capacity for loan or investment to invest the same in securities authorized by an Act of Congress entitled "the Federal Farm Loan Act," as approved July 17 1916 and known as "Federal Farm Loan bonds."

INTEREST at Chemical National Bank, New York City, or State Treasurer's office.

DEBT LIMITATION.—*State.*—Under Section 31, Article 2, State Constitution, 1870, the credit of this State shall not be loaned or given to or in aid of any person, association, company, corporation or municipality; nor shall the State become the owner in whole or in part of any bank or a stockholder with others in any association, company, corporation or municipality.

Section 33, Article 2. No bonds of the State shall be issued to any railroad company which, at the time of its application for the same, shall be in default in paying the interest upon the State bonds previously loaned to it, or that shall hereafter, and before such application, sell or absolutely dispose of any State bonds loaned to it for less than par.

Section 29, Article 2. *Counties, Cities and Towns.*—The General Assembly shall have power to authorize the several counties and incorporated towns in this State to impose taxes for county and corporation purposes, respectively, in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in re-

gard to State taxation. But the credit of no county, city, or town shall be given or loaned to or in aid of any person, company, association, or corporation, except upon an election to be first held by the qualified voters of such county, city, or town, and the assent of three-fourths (¾) of the votes cast at said election. Nor shall any county, city, or town become a stockholder with others in any company, association, or corporation, except upon a like election, and the assent of a like majority. But the counties of Grainger, Hawkins, Hancock, Union, Campbell, Scott, Morgan, Grundy, Sumner, Smith, Fentress, Van Buren and the new county herein authorized to be established out of fractions of Sumner, Macon, and Smith counties, White, Putnam, Overton, Jackson, Cumberland, Anderson, Henderson, Wayne, Cocke, Coffee, Macon, Marshall, and Roane, shall be excepted out of the provisions of this section, so far that the assent of a majority of the qualified voters of either of said counties voting on the question shall be sufficient, when the credit of such county is given or loaned to any person, association, or corporation; *Provided*, that the exception of the counties above named shall not be in force beyond the year 1880, and after that period they shall be subject to the three-fourths majority applicable to the other counties of the State.

§ Includes $265,000,000 Railroad and Public Utility assessed valuations.

* The unusual increase in 1920 was due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature Previously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

a The State Tax Comm'r under date of Nov. 21, 1921 advises us that "there has been a very material decline in values during the last year in this State, due partly to the natural return to a normal base of values, and partly to a distinct demoralization of the markets on farm products; hence the reduction in the assessment in 1921. The assessment in 1921, especially so far as real estate is concerned, represents a very conservative value of the property."

The State tax rate (per $1,000) for 1922 was $3.50 and for 1923 $3.00.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding $250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advises us under date of Nov. 22 1921 that the Legislature in 1919 passed an Act (Chap. 114, Pub. Acts 1919) exempting bonds thereafter issued by the State from taxation by the State, county or municipality. This Act was assailed as being in conflict with the decision of the State Supreme Court in the case of Keith vs. the Funding Board in 127 Tenn., 441, "that the Legislature could not constitutionally exempt State bonds from taxation." The title of the action was Foster vs. Roberts, and it is reported in 142 Tenn., page 350. The Court held that the credit of the State was an instrumentality of government, and that it could exempt that instrumentality of government from taxation. Recently, in the case of Greenwood vs. Rickman, the Supreme Court sustained the numerous opinions of the Attorney-General to the effect that the principles in the case of Foster vs. Roberts would also apply to county, city and district bonds. The Supreme Court held that the bonds of a county, city or district, when exempt by statute, were valid, and that the Legislature had the constitutional right to so exempt the same.

Bonds of towns, cities and counties in Tennessee are specifically exempted from taxation by Chapters 6 and 8, Laws of 1920.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that there are "no legal restrictions" as to investments for savings banks.

POPULATION.—The population of Tennessee has been as follows:

1920	2,337,885	1880	1,542,359	1840	829,210	1800	105,602
1910	2,184,789	1870	1,258,520	1830	681,904	1790	35,691
1900	2,020,616	1860	1,109,801	1820	422,771		
1890	1,767,518	1850	1,002,717	1810	261,727		

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900, 21.7% in 1910 and 19.3% in 1920. In number, blacks were 245,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900, 473,088 in 1910 and 451,758 in 1920.

KNOXVILLE.
Knoxville is county seat of Knox County. In 1897 Knoxville, North Knoxville and West Knoxville consolidated. In 1917 the Legislature authorized the extension of corporate boundaries by annexing Park City, Mt. View, Lonsdale and Oakwood. V. 104, p. 1513. Commission government adopted Aug. 26 1911. V. 93, p. 607. This form of government, however, was supplanted by the city manager plan, the people deciding in favor of same at an election held on March 3 1923 (V. 116, p. 1089). City has purchased plant of Knoxville Water Co. City assumed $639,000 bonds of water company and in addition issued $611,000 4½% bonds in payment for plant. These issues are direct obligations of the city. Of the bonds assumed $150,000 6s were refunded in June 1912 by a like amount of 4½s.

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the issuance of (1) consol. 4% bonds due in 1910 (now replaced by refund. bonds due in 1950) to fund old ante-war bonds at 40% of face value. "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consol. 6% bonds (which fell due in 1919), for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating $240 of overdue interest on each $1,000 bond. The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 was given in full in V. 98, p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904, North Carolina on April 1 1905 paid to the State of South Dakota $27,400, representing the judgment obtained by the latter State on $10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the $250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined. V. 86, p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused. The Republic of Cuba brought suit in the U. S. Supreme Court to force payment of $985,000 of these bonds, which were donated to it, but this suit was subsequently withdrawn. See "Chronicle" of Jan. 13 1917, page 178.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, $11,366,000; bonds to Chatham RR., 1868, $1,030,000, and to Williamston & Tarboro RR., $150,000; penitentiary bonds of 1868, $44,000, "unless the proposing to pay the same shall have first been suomitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869, class 3 bearing the coupon of April 1870.

A law of 1917 authorizing semi-annual issues of State bonds for highways was declared unconstitutional in part on Sept. 26 1917. The law was amended in 1919 by striking out the provisions which had been held to be unconstitutional. (Public Laws 1919, Chap. 115.) The 1921 Legislature passed an Act (Chapter 2, Public Laws 1921) authorizing the State Treasurer to issue $50,000,000 "State of North Carolina Highway Serial Bonds." The interest rate is limited to 5%. Section 43 of the Act exempts the bonds and coupons, and notes issued in anticipation of the sale of the bonds, from all State, county and municipal taxation, direct or indirect. Another Act passed in 1921 provides that, for the purpose of providing "a Special Building Fund" to be loaned to the county boards of education, the Treasurer is authorized and directed to issue bonds of the State of North Carolina to an amount not to exceed $5,000,000. These bonds shall bear interest at a rate not to exceed 5% per annum, payable semi-annually on the first days of January and July of each year, and shall bear date as of the first day of January of each and every year in which they may be issued under the provisions of this Act. In a suit brought by the State Treasurer against the Fidelity Bank of Durham the validity of this Act was tested. The decision of the State Supreme Court, handed down on April 19 1922, upheld the Act. V. 114, p. 1925.

At the 1923 Legislature session several laws authorizing the incurring of State debt were enacted. The largest single authorization was contained in Chapter 263, amendatory to the "$50,000,000 Highway Bond Act" of 1921, and authorized the issuance of $15,000,000 additional bonds in the same manner prescribed for the issuance of the original $50,000,000. A second Act (Chapter 162) provided for the issuance of $10,667,500 bonds, bearing no more than 5% for improving State institutions. Another law (Chapter 115) authorized an expenditure of $10,000,000 to be financed by the issuance of bonds bearing no more than 5% interest, but this Act is to be tested in the courts. See V. 117, p. 2457. Another Act (Chapter 190) carrying the provision that it must be submitted to the voters in November 1924 was passed, calling for an indebtedness of $2,500,000 to raise funds for the purpose of making loans to World War veterans for homes.

The recognized debt which had been adjusted up to November 1923 amounted to $86,658,100. This includes a floating debt of $17,710,000 and excludes $37,400 past-due bonds. All bonds are exempt from taxes; see remarks below on taxation of bonds.

ASSESSED VALUATION.—Chapter 84 of the Public Laws of 1919 provides for a revaluation of all taxable properties and establishes a 100% basis of value. This accounts for the great rise in valuations in 1920. Previously property had been valued at anywhere from 25% to 80% of its value.

In the following table we give valuations for the years 1913 to 1921 incl.

TAX RATES.—The State tax on property is limited by the Constitution to 5c. per $100 value of property, and the State income tax is limited to 6% of net incomes (Const., Art. V., sections 3 and 6). Taxes for the payment of State debts are subject to these limitations. Since 1920 no State tax has been levied on property. Poll taxes can be used only for the purpose of education and the support of the poor (Const., Art. V, sec. 2).

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—*State Indebtedness.*—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

(A proposal to amend Section 4 of Article V so as to strike out the provision that no new bonds may be issued until the bonds of the State are at par, and substitute a provision for limiting the net bonded indebtedness of the State to 7½% of the assessed valuation of taxable property, was passed in the 1923 session of the Legislature and will be submitted to a vote.)

Article 5, Section 6.—*Taxes Levied for Counties.*—The total of the State and county tax on property shall not exceed fifteen cents on the one hundred dollars value of property, except when the county property tax is levied for a special purpose and with the special approval of the General Assembly, which may be done by special or general Act; Provided, this limitation shall not apply to taxes levied for the maintenance of the public schools of the State for the term required by article 9, section 3, of the Constitution; *Provided further, the State tax shall not exceed five cents on the one hundred dollars value of property.*

Article 7, Section 7.—*Counties, Cities, Towns, &c.*—No county, city, town or other municipal corporation shall contract any debt, pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereof, unless by a vote of the majority of the qualified voters therein.

Article 7, Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected for the payment of, any debt, or the interest upon any debt, contracted directly or indirectly in aid or support of the rebellion.

Article 8, Section 4.—It shall be the duty of the Legislature to provide *by general laws* for the organization of cities, towns, and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit, so as to prevent abuses in assessment and in contracting debts by such municipal corporations. (Words in italics added by amendment of 1916.)

In compliance with a constitutional amendment adopted in 1916, the Legislature of 1917 passed a general law known as the Municipal Finance Act (now constituting Sub-Chapter III, Chapter 56, Consolidated Statutes, as amended and re-enacted by Chapter 106, Public Laws of 1921 extra session), which authorizes and regulates the issuance of all bonds and notes of all cities and towns (but not counties, townships, &c.), and supersedes all previous laws on the same subjects, except local or private Acts passed in 1921. The Act is similar to the Pierson Bond Act of New Jersey, but of broader scope, covering the subjects of appropriations, expenditures, contracts and all temporary loans, as well as long-term bonds. The act contains the following provisions in regard to loans:

POWER TO ISSUE BONDS AND NOTES.—Power is given to issue bonds for (1) any purpose for which the municipality may raise or appropriate money, except for current expenses; and (2) also for funding any or refunding any indebtedness incurred before Dec. 5 1921, except serial bonds maturing as provided in the Municipal Finance Act. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals) predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (a) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a) period ranging from 5 to 50 years; or (b) if issued to fund floating debt incurred before Dec. 5 1921, either 15 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (c) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued for more than one such purpose, within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments beginning not more than three years after the date of the bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

SALE OF BONDS.—Bonds must be sold at not less than par, and, unless the sale is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring any new debt unless an amount sufficient to pay it has been previously appropriated for the purpose for which the debt is to be incurred, and the appropriation is to be met by means of funds on hand, revenues of the current year, or bonds authorized but unissued, and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a sworn debt statement filed before the passage of the ordinance that the net bonded debt outstanding or authorized or about to be authorized, plus any outstanding floating debt incurred before Dec. 6 1921, does not exceed 8% of the assessed valuation of property as last fixed for municipal taxation, or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding. In computing net debt subject to the 8% limit, the following items are to be deducted, viz.: (*a*) unissued bonds for funding or refunding debt outstanding (*b*) sinking funds or other funds held for the payment of bonds not deducted; (*c*) uncollected special assessments levied or to be levied, and (*d*) bonds in cludedin the gross debt and incurred for water, gas, electric light or power purposes.

PROCEDURE.—Permanent bonds must be authorized by an ordinance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds reciting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

COUNTY BONDS.—(Public Laws 1920, Chapter 3, Section 6.) County bonds are usually issued under special laws, but there are several general laws authorizing counties to issue bonds for particular purposes such as roads and bridges (Consolidated Statutes, Sections 3767 et seq.)and court houses and jails (Public Laws 1923, Chapter 143). The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation.

REGISTRATION OF BONDS.—Chapter 123 of the Public Laws of 1923 requires bonds of all political subdivisions to be registered in the State Auditor's office before they are issued.

SCHOOL BONDS.—The public school laws were amended and codified by Chapter 136, Laws of 1923. Section 264 of that Act provides that no bonds shall be issued by any district which, including existing indebtedness, shall exceed 5% of the assessed valuation of taxable property. The law continues, "and no school indebtedness of any kind or nature shall be created or assumed by a county under this Act, including all school indebtedness of such county and the aggregate amount of all school indebtedness of the districts within such county, in excess of five per cent (5%) of the assessed valuation of taxable property within such county. In computing the amount of indebtedness under the district or the county limitations hereinabove fixed, school indebtedness of cities and towns lying within a school district or within a county shall be included as if the same were a school district indebtedness; but there shall not be included any indebtedness of a district, city, town or county payable from current revenues, and school bonds issued under the provisions of this Act shall not be subject to any debt limitations by any other Act."

No school bonds may be sold at less than par.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

INVESTMENT OF TRUST FUNDS.—Sec. 1792, Statutes of 1908.—*Funds Invested by Fiduciaries.*—Guardians, trustees and others acting in a fiduciary capacity, having surplus funds of their wards and *cestui que trustent* to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiduciary capacity, such bonds or other security of the United States, and such bonds of the State of North Carolina, shall be deemed cash to the amount actually paid for the same, including the premium, if any, paid for such bonds or other securities, and may be paid as such by the transfer thereof to the persons entitled.

The following is taken from a pamphlet issued by the city of Greensboro: "The Census in 1920 accords Greensboro a population of but 19,801 people. In 1923 the city extended its limits, taking in its natural suburbs, and in April 1923 application was made to Bureau of the Census for a recount of the population. This official U. S. Census shows a population of 43,525 people. This annexation has not increased the debt of the city in any way.

The only separate school district debt is a 35% share of $530,000 of the school bonds listed above.

INT. on 4% bonds payable in New York; on 5s of 1922 and on bonds of 1923 at the Bankers Trust Co., N. Y.; others in Greensboro.

The net income of the water plant owned by the city for the last fiscal year, after necessary allowances for repairs and maintenance, exceeded the interest upon the city's $250,000 water bonds and the amortization required under the Municipal Finance Act, 1917.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 $1,800,000 of this scrip had been issued. V. 80, p. 725. Thirty South Carolina bonds 6% of $1,000 each, issued in 1869, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545. The valid State debt at present consists of the following items:

INTEREST is payable in New York at the Hanover National Bank and Mechanics & Metals National Bank, N. Y.; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N.B.A.

TOTAL FUNDED DEBT.—The total funded bonded debt on Oct. 18 1923 was $5,382,308.35. Past-due bonds, long over-due, are omitted. the total issue of 4½% Redemption Brown Consols under Act of 1892 was $5,622,745.97, of which $891,025.97 were retired by the Sinking Fund, exhausting the assets of the fund; but $4,731,969 4% gold bonds issued under an Act of 1912 were sold April 1 1916, and the remaining outstanding 4½% Redemption Brown Consols redeemed. The assets of the ordinary sinking fund on Oct. 1 1923 amounted to $133,777.96. On the same date the refunding sinking fund amounted to $238,513.85.

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to $37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer to remove from the books all wholly invalid 6% Greene Consolidated bonds, amounting to $224,640.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by $14,500.

DEBT LIMITATION.—*State.*—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be described as follows:

Section 6 prohibits the lending or pledging of the State's credit for the benefit of any individual, company, association or corporation, &c., and recites the provisions under which the Legislature may authorize counties and townships to issue bonds and levy taxes. This section was amended in November 1910 so as to allow townships in Greenwood and Saluda Counties to issue bonds in aid of the Greenwood & Saluda RR., but not to exceed 8% of the assessed valuation of property, and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, through which, in whole or in part the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. two thirds vote necessary to authorize.

Counties, Cities, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund shall be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. The exemption was made general in 1910 by the adoption of an amendment to Section 5 whereby such bonds are exempted when issued by *any municipal corporation*.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein."

The following municipalities, through amendments to Section 5 of Article X have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Aiken, Anderson, Bennettsville, Bishopville, Camden, Charleston School District, Cheraw, Chester, Clinton, Darlington, Edgefield, Florence, Kershaw County School District No. 1, McCormick, Orangeburg, Rock Hill, St. Matthews, Sumter, Yorkville School District, Due West School District, Cherokee County School District No. 10, Florence City School District, Beaufort, Union, Georgetown, and Spartanburg.

In 1920 Sections 5 and 6 of Article X were amended so as to allow Christ Church Township to issue $150,000 railroad bonds (V. 115, p. 2291).

Legislative provision has been made providing that bonds may not be sold at less than par.

DRAINAGE DISTRICT BONDS.—Drainage Commissioners, under Section 3183, Civil Code of 1922, may issue bonds for levee or drainage work, to be met by future collections of assessments. The bonds may bear interest at a rate not in excess of 6% and must mature in not less than ten years nor more than twenty-five years.

In Section 3250, Civil Code of 1922, it is provided that a drainage district may issue bonds in an amount not to exceed 90% of the total assessment against the property benefitted. These bonds may bear no more than 6% interest, must mature within 30 years, and may not be sold at less than 95.

TAX EXEMPTION OF STATE AND MUNICIPAL BONDS.—Under the terms of Section 294, Code of 1912, as amended by the Laws of 1919 (p. 136) bonds of the State of South Carolina are exempt from taxation. A law passed in 1912 exempts from taxation bonds of cities, counties and school districts issued after Feb. 21 1912. Prior to the enactment of this law, school district bonds issued after March 11 1908 under authority of the voters, were free from tax. All these provisions may be found in Section 342, Civil Code of 1922.

DRAINAGE LAW CONSTITUTIONAL.—State Supreme Court on Feb. 28 1916 rendered a decision declaring the drainage law of 1912 constitutional. See "Chronicle" of Mar. 4, 1916, page 906.

INVESTMENT OF TRUST FUNDS AND SAVINGS BANK DEPOSITS.—Sec. 3969, Civil Code of 1922, referring to the powers of incorporated banks, provides, "Such corporations shall have power to vest, from time to time, such part of their capital, not exceeding (with the amount of stock any such bank may hold) one-half of the amount originally subscribed to such bank, in the stock of this State or of the United States."

Chapter 31 of the Laws of 1919 (now Sec. 5461, Civil Code of 1922), making Federal Farm Loan bonds legal investments for savings banks, trustees, &c., reads:

"That any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, and any Judge of Probate or person acting as executor, administrator, guardian or trustee, unless it is otherwise provided in the instrument creating the trust, may invest in, or lend money on, the security of Federal Farm Loan bonds issued by any Federal Land bank or Joint Land bank organized pursuant to an Act of Congress entitled "An Act to provide capital for agricultural development, create standard forms of investment, based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositories and financial agents for the United States, and for other purposes," approved July 17 1916; Provided, That any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, or any Judge of Probate or person acting as executor, administrator, guardian or trustee, shall not account for a greater rate of interest than the amount actually received on said investment."

Section 5462 of the 1922 Civil Code provides that "Any guardian, committee, trustee, executor, administrator or other person or corporation chargeable with interest on funds in hand belonging to either ward or other person or corporation be, and he or it or they are hereby, authorized and empowered to invest same in bonds of the State of South Carolina, or some political division thereof, or in bonds of the United States, or to deposit same in some savings bank, such investment or deposit, however, to be first approved by the court having jurisdiction of such fund, and in his account he shall not be chargeable at a greater rate of interest than such fund so earns."

LEGISLATURE, under Act of 1902, meets annually on Fourth Wednesday in June.

HISTORY OF DEBT.—The details of Georgia's early history in debt making will be found in the "State and City" Supplement for April 1893, pages 165 and 166.

BONDED DEBT.—The valid bonded debt of the State of Georgia Oct. 1 1923 was $5,294,000, of which $5,290,500 was interest bearing and $3,500 was past-due and non-interest bearing. In addition to the above the State pays the University trustees 7 per cent interest annually on $90,202 of Land Scrip Fund not funded. The $2,100,000 Western & Atlantic RR. Rental Assignment Warrants listed below are not included in this total. These warrants are issued against a special fund created from the rentals received on the road.

STATE PROPERTY.—The State owns the Western & Atlantic R. R., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 50 years from December 27 1919 to the Nashville Chattanooga & St. Louis RR. Co. at a rental of $540,000 per annum and payment of all taxes, which, under the former lease, they were not required to pay. Also owns two pieces of property in the heart of Chattanooga formerly included as part of the Western & Atlantic RR. lease, but now leased independently for 50 years at an average rental of $12,000 per annum. It also holds 186 shares of the Georgia RR. & Banking Co. and 440 shares of the Southern & Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENT—LIMITING TAX LEVY.—An amendment to the constitution was adopted Oct. 5, 1904 limiting the State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars (amount raised by constitutional amendment in Oct. 1912 from $200,000 to $500,000) and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

The 1921 Legislature passed an Act authorizing the Governor to set apart the rental of the Western & Atlantic RR., for limited periods, as a special fund, against which the Governor is authorized to draw and discount warrants and to place the proceeds in the treasury for the purpose of meeting the State's obligations. In a test suit, the constitutionality of this law was upheld by the State Supreme Court on Dec. 3 1921. (V. 113, p. 2526.)

COUNTIES, CITIES, &c.—The State Constitution of 1877, Article VII Section VII, as amended in 1918 and 1920, limits the indebtedness of counties and cities to seven per cent of the assessed valuation. The paragraph reads as follows, the parts printed in italics having been added in 1920:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof voting at an election for that purpose, to be held as prescribed by law, *provided said two-thirds so voting shall be a majority of the registered voters, and provided further that all laws, charter provisions and ordinances heretofore passed be enacted providing special registration of the voters of the counties, corporations and other political divisions of this State to pass upon the issuance of bonds of such counties, municipal corporations and political divisions are hereby declared to be null and void; and the General Assembly shall hereafter have no power to pass or enact any law providing for such special registration, but the validity of any and all bond issues by such counties, municipal corporations or other political divisions made prior to January 1st 1918 shall not be affected hereby,* but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation. *Provided, any municipality having a population of 150,000 or more can issue and sell "street improvement bonds" without the said assent of two-thirds of the qualified voters at an election called thereon, but upon a two-thirds vote of the members of its governing body, with these limitations: First, the term of such bonds shall in no case exceed ten years. Second, the amount of each issue shall be limited to the amount assessed by such municipality upon each improvement. Third, these bonds shall be issued only for the grading and paving or repaving of streets or portion of streets. Fourth, the interest thereon shall not exceed six per centum per annum. Fifth, these bonds can be issued without regard to the amount of other outstanding debts or bonds of said municipality. "Sixth, these bonds not to be issued except in case such pavement or repavement has been petitioned for in writing by the owners of more than fifty per cent of the property abutting on the street or portion of street paved or repaved."*

Paragraph 2 of the same article and section is as follows: Paragraph 2 "County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any County thereof. V. 85, p. 676.

INVESTMENTS OF TRUST FUNDS.—The following sections of the Code of 1911 relate to this subject:

SEC. 3763.—*Investments.*—Any trustee holding trust funds may invest the same in stocks, bonds, or other securities issued by this State, making a true return of the price paid and time of purchase. Such investments shall be free from taxation so long as held for the trust estate. Any other investments of trust funds must be made under an order of the Superior Court, either in term or granted by the Judge in vacation, or else at the risk of the trustee.

SEC. 3764.—*May Invest in State Securities at Less Than Seven Per Cent.*—Executors, administrators, guardians and trustees may invest trust funds in stocks, bonds and other securities issued by this State, bearing a lower rate of interest than seven per cent per annum, and shall, in the settlement of their accounts on the funds so invested, be chargeable with no greater interest then received from the State: Provided, that such executor, administrator, guardian or trustee shall, within thirty days after such investment, make a return to the Ordinary of the amount and character of the bonds purchased and the price paid.

SEC. 3765.—*Investments in Validated County or Municipal Bonds.*—Executors, administrators, guardians and trustees are authorized to invest trust funds in any county or municipal bonds of this State, which have been validated as required by law for the validation of county and municipal bonds, upon the same terms and conditions as they are now authorized to invest trust funds in State bonds and securities.

SEC. 4011.—*Investments by Administrators.*—When from any cause an administrator is compelled to hold the funds of the estate in his hands, he is authorized to invest the same in stocks, bonds or other securities issued by this State, or (by leave of the Ordinary) in bonds issued by the proper authorities of the cities of Savannah and Augusta. In such case he shall, within twelve months thereafter, make a legal return thereof, in which he shall set forth the price paid, the time of the purchase, and the name of the seller. If any executor or trustee has in his hands money as the separate estate of a married woman, absolutely or for life, he may, under the direction of the Superior Court, invest such funds in land.

LEGISLATURE meets biennially in odd years on the Tuesday after the first Monday in April, and sessions are limited to 60 days.

OUTSTANDING LOANS.—The following loans are outstanding against the State of Florida:

LOANS—	—Interest—		—Principal—	
Name and Purpose.	*P.Ct.*	*Payable.*	*When Due.*	*Outstanding.*
Refunding bonds of 1901	3	J-J	Jan. 1 1951	$267,700
Refunding gold bonds of 1903	3	J-J	Jan. 1 1953	333,867

All the above bonds are held by the State School Fund.

TOTAL DEBT, &c.—The total bonded debt on Jan 13 1923 was $601,567. All securities are in the form of registered manuscript bonds and carry 3% interest; they are all held in State Educational funds. Investments (including the two issues given above) of the various State funds amounted to $2,573,567 on Dec. 31 1922. The balance in various State funds on Dec 31 1922 was $2,263,289.72. Outstanding against that total on the same date were $328,881.22 warrants, leaving a net balance of $1,934,408.50.

ASSESSED VALUATION.—The tax valuation of real estate (including railroads and telegraphs), personal property, total valuation and State tax rate per $1,000, are given below for the years indicated:

DEBT LIMITATION.—*State.*—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corporation or association, nor shall the State become a joint owner or stockholder in any company, association or corporation.

Cities and Towns.—Chapter 5645, Laws of Florida, Acts of 1905, provides "that cities and towns may issue bonds for the purpose of building or repairing public buildings, or water-works of the city or town, widening or extending streets or parks, purchasing or establishing gas or electric-light plants for the city or town, or for any other municipal purpose, to an amount not exceeding ten per cent (10%) of the assessed value of the real and personal property within its incorporated limits. But this limitation shall not operate to prevent the issue by any city or town of additional bonds which, with the existing bonded indebtedness, shall not exceed ten per cent (10%) of the assessed value of the real and personal property within its corporate limits: Provided, That no bonds shall be issued by any city or town until the question of issuing same shall have been decided in favor of such bond issue by an election held for that purpose in the manner now provided by law: Provided, This Act shall not apply to cities and towns which have special charters from the Legislature."

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters. A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

TAXATION OF MUNICIPAL BONDS.—Under Chapter 5596 Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by residents.

SAVINGS BANK INVESTMENTS.—The provisions regulating investments by savings banks in Florida are contained in Section 4179 of the Banking and Trust Laws, 1921, which are as follows:

Investment of Funds.—The capital and deposits and the income derived therefrom shall be invested only as follows:

1. On the first mortgages of real estate situated in this State to an amount not to exceed 60% of the valuation of such real estate, but not exceeding 75% of the whole amount of deposits shall be so invested; and no loan on mortgage shall be made except upon the report of not less than two members of the board of investment, who shall certify to the value of the premises to be mortgaged, according to their best judgment, and such report shall be filed and preserved with the records of the corporation.

2. In the public funds of the United States, or bonds of any of the United States, or in the bonds or notes of any city, county or town of the United States whose actual indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes, or in the notes of any citizen of this State with a pledge of any of the aforesaid securities at no more than the par value thereof.

3. In the first mortgage bonds of any railroad company incorporated under authority of any of the United States, and whose road is located wholly in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment. Or in the first mortgage bonds guaranteed by any such railroad company or any railroad company so incorporated whose road is thus located; or in the bonds or notes of any railroad company incorporated under the laws of this State, which is unencumbered by mortgage, and which has paid a dividend of not less than 5% per annum for the two years next preceding such investment; or in the notes of any citizen of this State, with a pledge as collateral of any of the aforesaid securities at no more than 80% of the par value thereof.

4. In the stock of any bank incorporated under the authority of this State, or the stock of any banking association incorporated under the authority of the United States, or in the notes of any citizen of this State with a pledge as collateral of any of the aforesaid securities at no more than 80% of the market value and not exceeding the par value thereof.

Savings banks may deposit sums not exceeding 30% of the amount of their deposits on call in such banks, banking associations or in any trust company incorporated under the laws of this State or the United States, and may receive interest for the same.

5. In loans upon the personal notes of the depositors of the company, but not exceeding three-fourths of the amount of his deposit to a depositor, and in each such case the deposit and the book of the depositor shall be held by the company as collateral security for the payment of such loan.

6. If such deposits and income cannot be conveniently invested in the mode hereinbefore prescribed, not exceeding one-third part thereof may be invested in bonds or other personal security, payable at a time not exceeding one year, with at least two sureties, if the principal and sureties are all citizens of this State and resident therein.

7. Ten per cent of the deposits of any such corporation, but not exceeding $25,000, may be invested in the purchase of a suitable site and the erection or preparation of a suitable building for the convenient transaction of its business.

41-0. *Application for Loan, How Made.*—All applications for loans shall be made in writing to the Treasurer of the corporation, who shall keep a record thereof, showing date, name of applicant, amount asked for and the security offered, and he shall cause the same to be presented to the board of investment.

PEACE CREEK DRAINAGE DIST
This district is in Polk County.
Last year we gave notice that this district failed to cash the interest coupons which had fallen due on Apr. 10 and Oct. 10 1922. This year under date of Dec. 17 we learned, through official sources, that all interest, together with principal, up to and including Apr. 10 1922, had been met and that the interest coupons which fell due Oct. 10 1922 and Apr. 10 and Oct. 10 1923 were still unpaid, as were the bonds which became due April 10 1923.

a This is the date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and State Government for that part of the Mississippi Territory lying west of the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadriennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. The last regular session was held in 1923.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was $185,400. By another Act also approved Feb. 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series 'A," "B" and "C") with new securities.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28 1901. The instrument made radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, though, being limited to $300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

Section 93 (Article IV), prohibits the State from engaging in any works of internal improvement and from lending money or its credit in aid of such work, except as authorized by the Constitution and amendments. The lending or giving of the State's money or credit to any individual, association, or corporation is also prohibited. By an amendment of 1908 the State Legislature may appropriate funds for highway and bridges. An additional amendment was adopted by the voters in 1922, so that the State, at a cost of $10,000,000, may engage in the work of developing and improving seaports. The section, as amended, reads:

"The State shall not engage in works of internal improvement, nor lend money or its credit in aid of such, except as may be authorized by the Constitution of Alabama or amendments thereto; nor shall the State be interested in any private or corporate enterprise, or lend money or its credit to any individual, association, or corporation, except as may be expressly authorized by the Constitution of Alabama, or amendments thereto, but when authorized by laws passed by the Legislature the State may appropriate funds to be applied to the construction, repair, and maintenance of public roads, highways, and bridges in the State; *and when authorized by appropriate laws passed by the Legislature, the State may at a cost of not exceeding ten million dollars, engage in the work of internal improvement, of promoting, developing, cohstructing, maintaining, and operating all harbors or seaports within the State or its jurisdiction, provided, that such work or improvement shall always be and remain under the management and control of the State, through its State Harbor Commission, or other governing agency. The adoption of this amendment shall not effect in any manner any other amendment to the Constitution of Alabama which may be adopted pursuant to any Act or resolution of this session of the Legislature.*"

An amendment to the Constitution was adopted at an election held Jan. 30 1922, providing for a bond issue of $25,000,000 for roads. This amendment had been adopted by the voters on Feb. 16 1920, but was canceled as unconstitutional. Corrections were made in the measure, which was then submitted to a vote on Jan 30 1922, when the final vote stood 111,524 "for" to 22,918 "against." To date $6,000,000 of these bonds have been issued. The new section, known as XX, created by this amendment, reads:

"Article XX, Section 1. The State is authorized to engage in the construction, improvement, repair, and maintenance of public roads, highways, and bridges in the State of Alabama. To this end, and for this purpose, the State is authorized to appropriate funds; and also to issue and sell interest-bearing negotiable State bonds, in an amount not to exceed the sum of

twenty-five millions of dollars ($25,000,000.00), to be issued in such denominations, numbers, and series, and maturing at such time, as may be provided for by law; but such bonds shall bear a rate of interest not greater than six per centum per annum, payable semi-annually, and shall be sold at a price not less than the par value thereof. Provided, that no bonds shall be issued or sold under this provision to such an amount that the interest thereon will exceed the net amount of vehicle license tax collected for the year preceding the issuance of same, and which is set apart for the payment of interest on said bonds. The State Highway Commission or Highway Department shall locate, construct, and maintain highways and State trunk roads so as to connect each county seat with the county seat of the adjoining county by the most direct or most feasible route by a permanent road, having due regard to the public welfare, and to connect the county seats of the several border counties at or near the State line with a public road in the border States. Provided, that in counties which are divided into two or more judicial divisions in each of which regular terms of circuit court are held, the places where said terms of court are held shall likewise be connected with each other. It shall be the duty of said highway commission or highway department to equitably apportion among the several counties the expenditure of both money and labor and the time or times of making such investments. Not less than one-quarter of a million dollars of the proceeds of these bonds shall be set aside and expended by the State Highway Commission in each county in the State. To create a sinking fund for the prompt and faithful payment of the principal and interest on these bonds and for the construction, maintenance and improvement of such public highways, roads, and bridges, the Legislature shall levy a special annual license or privilege tax on all automobiles, and on all motor-driven vehicles which may be used on the public roads and highways of this State. Such bonds when issued shall be a direct obligation of the State and for the prompt and faithful payment of the principal and interest thereon the full faith and credit of the State is hereby irrevocably pledged, and such bonds shall be exempt forever from all taxes of every kind."

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in *Sections* 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote o the qualified voters of the county, city, town, village or other polit'ca' sub-division desiring to issue such securities. There are exceptions to this however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 3½ per cent either created or authorized by existing laws to be created. Such counties already indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

CITIES, TOWNS, &c., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric-light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN ENSLEY, DECATUR and NEW DECATUR, are limited in their debt making powers to 7 per cent of the assessed valuation. The following described classes of indebtedness are not to be considered in figuring the debt limit; temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements, where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. **The Section is not to apply to the cities of SHEFFIELD AND TUSCUMBIA.**

Municipalities Not to Loan Credit.—Section 94 (Article IV) provides that the Legislature shall not authorize any county, city, town, or other subdivision to lend its credit to any individual, association, or corporation, or to become a stockholder in any such corporation or association.

An amendment to Sec. 1436, Code of 1907, approved Feb. 17 1919, makes it lawful for the municipal authorities of any city or town, which may have outstanding a bonded indebtedness of any kind, to settle, adjust and refund the same, and in order to carry into effect the settlement, adjustment and refunding of such bonded indebtedness, the municipal authorities of any such corporations may issue bonds for such an amount as may be necessary to pay the indebtedness of such corporation. Bonds issued under authority of this amendment may run for a period of time not exceeding thirty years and may bear interest at a rate not exceeding 6% per annum, payable annually, or semi-annually, at a place to be designated by the municipal authorities. The Act also provides that the authorities may levy and collect a tax to pay the interest and principal of such bonds, provided that such tax shall not exceed the constitutional limitation on the rate of taxation applicable to such city or town. It is further provided that such bonds shall not be sold at less than par except upon a vote of three-fourths of the members elected to the Council or the governing body of the municipality, nor without the written assent of the Mayor filed and spread upon the minutes of the governing body.

Section 226 provides that no "city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this constitution until such indebtedness shall be reduced within such limit provided, however, that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA."

Taxing Powers of Counties, Cities, Towns and School Districts.—At the general election on Nov. 7 1916 an amendment was adopted to Article XIX of the Constitution relating to the taxing power of the several counties and school districts in the State. The section now reads as follows:

Section 1. The several counties in the State shall have power to levy and collect a special county tax not exceeding 30 cents on each $100 worth of taxable property in such counties in addition to that now authorized or that may hereafter be authorized for public school purposes, and in addition to that now authorized under Section 260 of Article XIV of the Constitution; provided, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the county, and voted for by a majority of those voting at such election.

Section 2. The several school districts of any county in the State shall have power to levy and collect a special district tax not exceeding 30 cents on each $100 worth of taxable property in such district for public school purposes; provided, that a school district under the meaning of this section shall include incorporated cities or towns, or any school district of which an incorporated city or town is a part, or such other school districts, now existing or hereafter formed, as may be approved by the county board of education; provided further, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the district and voted for by a majority of those voting at such election; provided further, that no district tax shall be voted or collected except in such counties as are levying and collecting not less than a three-mill special county school tax.

Section 3. The funds arising from the special county school tax levied and collected by any county shall be apportioned and expended as the law may direct, and the funds arising from the special school tax levied in any district which votes the same independently of the county shall be expended for the exclusive benefit of the district, as the law may direct.

Another amendment adopted on Nov. 7 1916 provides that the city of Selma shall be empowered to levy and collect annually an additional tax of two-tenths of 1% upon the value of property therein as fixed for State taxation, to be applied exclusively to the maintenance of public schools therein, and levy and collect annually a further additional tax of one-tenth of 1% upon the value of the property therein as fixed for State taxation, to be applied exclusively to public school buildings therein and improvements and repairs thereon, or to the payment of indebtedness contracted for the same by the city of Selma; provided that these taxes shall be in lieu of all other city taxes required to be levied or appropriated by the city of Selma for the support of schools or for school purposes

An amendment to the Constitution authorizing 42 cities and towns in Alabama to increase their tax rates was adopted Dec. 29 1919. Under it the municipalities of Tuscambia, Sheffield, Hurtsboro, Russellville, Lanett, Demopolis, Pell City, Heflin, Columbiana, Carrollton, Opelika, Fair Hope, Pine Hill, Scottsboro, Stevenson, Ashland, Brewton, Pollard, Flomaton, Atmore, Inglenook, Tuskegee, Aliceville, Gordo, Reform, Livingston, Camden, Monroeville, Phoenix and Girard, Birmingham, Bessemer, Florence, Huntsville and Selma, Anniston, Athens, Auburn, Carbon Hill, Jacksonville, Fairfield and LaFayette have the power to levy and collect a tax in any one year on property situated therein, based on the assessment for State taxation for the tax year ending Sept. 30 next succeeding the levy: provided that for the purpose of paying bonds issued and outstanding an additional tax of one-half of one per centum may be levied provided further, that a majority of the qualified electors voting at an election called for the purpose may vote a special tax not to exceed one-half of one per centum in any one year for any special purpose which tax shall be, used only for the purpose for which it was levied; provided, however, that the total tax to be levied by any municipal corporations shall not exceed 1½% in any one year.

By an amendment adopted in 1922 (V. 115, p. 2498), Jasper, Cordova, Dora, Oxford, Talladega, Citronelle, Girard, Albany and Tuscaloosa may levy a tax not exceeding in any one year 1% of the value of property as assessed. But it is provided that this amendment shall not affect the power of any of these corporations to levy and collect the special school taxes, which are not in excess of the 1% provided for in this amendment.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that "there is no law in Alabama regulating the way in which savings institutions of this State are permitted to invest their funds. The same is not in any manner controlled by law."

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the Code of 1907 provide as follows:

SEC. 6076.—*Trustees May Invest in State or United States Securities.*—A trustee, having moneys to invest or lend, may invest them in the purchase of the interest-bearing securities of the State, or of the United States; but for such investment his liability is governed by the general rules of the law.

SEC. 6077.—*Investment Outside the State.*—If the *cestuis que trust*, or any of them, reside without the State, and the trustee has funds to lend or invest, the loan or investment whereof in the State of their residence is desirable, the trustee may there lend and invest them, under the authority of a decree of the Court of Chancery.

BONDS TAX-FREE.—By Section 13 of an Act approved March 31 1911, entitled "To further provide for the revenues of the State of Alabama," as amended, the following securities are exempted from taxation: "All bonds of the United States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

POPULATION OF STATE.—

BIRMINGHAM.
Birmingham is in Jefferson County. Incorp. 1871. The new State constitution, which went into effect Nov. 28 1901, provides that this city may levy and collect a tax not to exceed ½ of 1% in addition to the tax of ½ of 1% (as provided in the 1889 amendment to the old constitution), *to be applied exclusively* to the payment of interest on bonds of this city *issued prior* to Nov. 28 1901 (or which at that time were authorized to be issued), and for a sinking fund to pay off said bonds at maturity. An amendment allowing the city of Birmingham, among others, to levy an additional ½% for any purpose the people may vote was voted by the people on Dec. 29 1919—see V. 110, p. 483, and also Debt & Tax Limitations under "State of Alabama" in this issue.
Greater Birmingham Act declared constitutional by State Supreme Court in 1910 (V. 90, p. 249 and 644). In 1911 Legislature authorized a commission form of government for this city. V. 92, p. 1049.

INTEREST is payable at office of State Treasurer and at the National Bank of Commerce in New York City.

TOTAL DEBT.—Mississippi's bonded debt on Oct. 1 1923 amounted to $14,500,000. On Oct. 1 1923 the various trust funds of the State aggregated $2,044,989.93. These funds were moneys taken over by the State, and only the interest is paid on them. Cash on hand and in depositaries Oct. 1 1923, $3,212,087.28. The net revenues of the State amount annually to about $8,750,000.

The constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds. For readjustment movement see V. 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 on $600,000 bonds sold in July 1910, on the ground that should the bondholders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of $600,000 bonds, $336,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining $264,000 were exchanged for new bonds.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows:

STATE DEBT.—Section 258 of Article 14 of State Constitution, adopted Nov. 1 1890, provides that the credit of the State shall not be pledged or loaned in aid of any person, association, or corporation; and the State shall not become a stockholder in any corporation or association, nor assume, redeem, secure, or pay any indebtedness or pretended indebtedness alleged to be due by the State to any person, association, or corporation whatsoever, claiming the same as owners, holders, or assignees of any bond or bonds, now generally known as "Union Bank" bonds and "Planters Bank" bonds.

The 1920 Legislature passed an Act (Chapter 112, Laws of 1920) creating the State Bond Commission, with power to issue in 20 series $5,000,000 25-year serial coupon bonds, to bear interest at a rate not in excess of 5½%, for the purpose of erecting buildings, making permanent improvements, additions and repairs to the State University at Oxford, the A. & M. College at Starkville, the Mississippi State College for Women at Columbus, the Mississippi State Normal College at Hattiesburg, the Alcorn A. & M. College at Rodney, the State Insane Hospitals at Jackson and Meridian, the State Charity Hospitals at Jackson and Laurel, the State Tuberculosis Sanitorium at Magee, the Mississippi Industrial School at Columbus, the Deaf and Dumb Institution at Jackson, the Old and New Capitol buildings, the Governor's Mansion and the State Penitentiary. The 1922 Legislature gave this commission the additional power to issue notes of the State, to run for no more than 2 years and to bear interest at a rate not to exceed 6%, in a total amount not to exceed the difference between the appropriations made by the 1920 and 1922 Legislatures and the total estimated revenues to be received by the State during 1922 and 1923, the funds to be used to meet the appropriations made in 1920 and 1922.

MUNICIPAL BORROWING POWERS.—Prior to 1920 municipal indebtedness was regulated by Chapter 147, Laws of 1914. Under this Act municipal indebtedness was restricted to 7% of the assessed valuation of taxable property, but the provision was made that, through the vote of the people, the limit might be raised to 10%. The provision was also made that bonds issued by cities of 10,000 or more inhabitants might issue bonds for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water works, gas, electric plants, and for the improvement, repair and extension thereof, in excess of 10%, but in no case to exceed 15% of the assessed value. These limits did not apply to bonds, the proceeds of which were invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on the bonds.

In 1920, however, another Act (Chapter 206), acting as a repealer of the 1914 law was passed. This Act limits the amount of bonds that may be issued by any municipality to 15% of the assessed valuation of taxable property. The exception is made that bonds issued to pay outstanding legal obligations or for refunding outstanding bonds, or for constructing, improving, enlarging or extending any public utility owned by the municipality producing sufficient to pay expense of operation, and interest and principal on the bonds. Bonds are to bear interest at no more than 6%

and are to mature annually for no more than 25 years. All bonds, except refunding, must be approved by a majority vote of the electors, but in cities of less than 12,000 inhabitants, bond issues of no more than $30,000 may be authorized by the Mayor and aldermen without a vote, unless the people, by filing a petition signed by 20% of the qualified electors, protest against the issuance of the bonds without an election.

An Act passed by the 1914 Legislature authorizes cities of 20,000 or over operating under commission government laws to issue, outside the debt limit, not exceeding $500,000 bonds for street improvements. An Act more general in its scope was passed in 1922 (Chapter 223). This law empowers *all* municipalities to issue notes,certificates of indebtedness and street intersection bonds for the purpose of paving and repairing streets and making other special improvements, such notes, certificates and bonds to be payable from special assessments and not to be chargeable against the debt limit.

INITIATIVE AND REFERENDUM UPHELD.—The State Supreme Court has declared that the initiative and referendum amendment to the State constitution adopted by the voters in 1914, together with eight other amendments, was properly phrased, properly submitted and ultimately adopted by the voters of the State.—V. 104, p. 1824

ACT PASSED VALIDATING ALL MUNICIPAL BONDS, &C. REGARDLESS OF DEFECTS.—Chapter 295, Laws of 1922, approved March 14 1922, validates all bonds, notes, certificates, loan warrants, or other obligations of any county, road district, school district, municipality, drainage district, &c., which may have been sold at less than par and accrued interest, regardless of any defect or irregularity in their authorization, provided the obligations are delivered and paid for within two years from March 14 1922. The following places are not affected by this Act: Coldwater Drainage District, Quitman, Tunica, Coakoma, Hurrican Creek Drainage District, or Yalobusha District No. 2 of Calhoun County. It is further provided that this Act does not apply to bond issues whose validity was being contested at the time of the passage of the Act. The further exception is made that the Act does not validate any allowance made by public officials in the sale of bonds, or any transfer, misuse, unlawful expenditure, or illegal handling of any funds derived from the sale of bonds validated in this Act, or any warrants or other obligations issued in violation of Chapter 326 of the Laws of 1920, which prohibits the issuance of warrants, when there is not sufficient money in the particular fund from which the allowance is to be made to pay the warrants, unless petitioned for by a majority of the voters.

BOND ISSUES FOR PERMANENT ROADS.—The 1916 Legislature passed an Act providing for the issuance of serial coupon bonds for permanent roads in an amount which will not exceed 20% of the assessed value of taxable property of said district, based on the assessment roll of the then current year V. 103, p. 862.

TAX EXEMPT STATE AND MUNICIPAL BONDS—Under a State law, last amended by Chapter 183, Laws of 1918, "All State, county and municipal, levee or school bonds or other Government obligations issued after the first day of April 1906 . . . shall be exempt from taxes of any character whatever."

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, laws of 1908), and approved Feb. 20 1908, providing that "in addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

SAVINGS BANK INVESTMENTS.—The Banking Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manner as any other State bank, no separate law governing them."

* Issued for the purpose of constructing wharves, sheds, roadways and other improvements necessary for shipping facilities in the Port of New Orleans.

§ INTEREST is payable at the office of the General Manager of State Penitentiary, Baton Rouge; on the Louisiana Port Commission bonds at the Hibernia Bank & Trust Co., New Orleans; on bonds of 1922 at Baton Rouge; on all other bonds at State Treasury or at fiscal agency in New York City (Harris, Forbes & Co.).

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt in Mar. 1 1922:

Total bond. debt bearing int. (incl. Port Commission bds.) (est)	$48,424,300
Floating Debt Mar. 1 1922 —	
Baby bonds (3s) and certificates (Act of 1880), exclusive of coupons	910,728
Floating debt, warrant and interest account	222,413

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but $308,500 consols so issued ($303,500 being consols of 1874 and $5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also $421,935 (estimated) fraudulently issued baby bonds outstanding.
There are, moreover, old bonds not recognized, and hence not fundable, amounting to $3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, $875,000; 8% State bonds issued to said road, $2,500,000 8% bonds issued to the N. O. Mobile & Chattanooga RR., $70,000; 7.30% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., $260,000, &c.
The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion

of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of $364,295 bonds disposed of the same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

In 1913 the question of whether or not Louisiana bonds were legal investments for New York State savings banks was raised, the fact that the State of Louisiana had failed to take up its outstanding "baby" bonds being offered as reason for declaring them ineligible. The Attorney-General's final decision, however, was that, as these bonds were to have been paid out of only the taxes due the State but unpaid prior to 1879, and the credit of the State not being pledged for their payment, the failure to pay the principal on the bonds did not constitute such a default as would make any bonds of the State improper investments. See V. 97, p. 1227, 1367 and 1444.

ASSESSED VALUATION.—During the years 1918 to 1921, inclusive, property has been assessed at its actual value. Previous to 1918 the assessed valuation was estimated at about half of the actual value. The State tax (per $1,000) for 1917 was $5.00. In addition to the 1917 State tax there was a special Confederate veteran pension fund tax of $1.00 and a special road tax of 25 cents. The State tax (per $1,000) for 1921 was $5.25 and was the same for 1922.

DEBT LIMITATIONS, STATE AND MUNICIPAL.—The debt-incurring powers and limitations of the State and its subdivisions are contained in Sections 2 and 12 of Article 4, Sections 16-22-23 and 24 of Article 6, Section 3 of Article 10, Section 3 of Article 16, Article 14 and Article 20 of the Constitution adopted June 18 1921. Sections 2 and 12 of Article 4 read as follows:

Section 2. The Legislature shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State; or to issue bonds or other evidence of indebtedness thereof, except for the purpose of repelling invasion or for the suppression of insurrection. Nor shall the Legislature alienate, or authorize the alienation of, the fee of the bed of any navigable stream, lake or other body of water, except for purposes of reclamation. In all cases the mineral rights on any and all property sold by the State shall be reserved, except where the owner or other person having the right to redeem may buy or redeem property sold or adjudicated to the State for taxes. This, however, shall not prevent the leasing of such lands and rights for mineral or other purposes.

Section 12. The funds, credit, property or things of value of the State or of any political corporation thereof, shall not be loaned, pledged or granted to or for any person or persons, association or corporation, public or private; nor shall the State, nor any political corporation, purchase or subscribe to the capital or stock of any corporation or association whatever, or for any private enterprise. Nor shall the State, nor any political corporation thereof, assume the liabilities of any political, municipal, parochial, private or other corporation or association whatsoever, except as otherwise provided in this Constitution; nor shall the State undertake to carry on the business of any such corporation or association, or become a part owner therein; provided, the State, through the Legislature, shall have power to grant the right of way through its public lands to any railroad or canal; and provided, police juries and municipal corporations may, in providing for destitute persons, utilize any charitable institutions within their corporate limits for the care, maintenance and asylum of such persons; and all appropriations made to such institutions for the purpose aforesaid shall be accounted for by them in the manner required of officials entrusted with public funds.

The rate of State taxation on property for all purposes, as limited by Section 3, Article 10, shall not exceed, in any one year 5¼ mills on the dollar of its assessed value; provided, the Legislature may by a vote of two-thirds of the members elected to each house, increase such rate to not more than 5¼ mills.

Subdivisions a, b, c and d of Section 14, Article 14, provide that bonds may be authorized by vote of a majority of the electors, and be issued by parishes for roads, bridges, court houses, jails, hospitals, public buildings, and other public improvements; by municipal corporations for streets, bridges, water-works, sewers, drains, lighting and power plants, artificial ice and refrigeration plants, public parks, school houses, teachers' homes, public buildings, and other public improvements, and for the purpose of reclaiming or improving lands owned by the municipality and fronting on a navigable stream; by school districts for acquiring land for buildings and playgrounds, erecting and improving school buildings and teachers' homes; by road districts, as authorized to be ecreated by the Legislature, for constructing and improving roads and bridges; by sewerage districts to construct sewers and sewerage disposal works; by drainage districts to construct gravity drainage works. Subdivision (e) provides that the police juries of the various parishes, for the purpose of constructing and maintaining highways or public buildings, and the governing authorities of municipal corporations, for the purpose of paving, improving or maintaining streets or alleys and for all municipal improvements, including public parks, after making provision for the payment of all statutory and ordinary charges, may fund into bonds running at a rate not to exceed 6%, which bonds shall not be sold for less than par, the avails or residue of the tax authorized by this Constitution. Subdivision (f) provides that no bonds shall be issued by any subdivision for any one of the purposes provided, which, including the existing bonded debt of such subdivision for such purpose, excepting bonds issued and secured by an acreage tax, and bonds issued under Section 14 (e) shall exceed in the aggregate 10% of the assessed valuation of the taxable property, to be ascertained by the last assessment for parish, municipal or local purposes previous to incurring such indebtedness. Among these special provisions is one ratifying Act 19 of 1906, which authorized the city of New Orleans to issue $8,000,000 public improvement bonds, and another giving to the city power to issue $15,000,000 bonds for the purpose of constructing a bridge across the Mississippi River.

These sections do not apply to the City of New Orleans, as to which there are special provisions (Sections 20 to 28 of Article XIV).

Section 16 of Article 6 provides the the Board of Commissioners of the Port of New Orleans may, with the approval of the Governor and State Auditor, borrow on temporary loans, payable within one year, an amount not to exceed $500,000 at any one time outstanding and may in addition borrow money in anticipation of the collection of charges for wharfage, &c., which have been actually earned, but not yet received; with the approval of the Governor it may, for public purposes other than the payment of current expenses or funding of indebtedness incurred, or to be incurred for current expenses, borrow money and issue bonds to the amount of $6,500,000 (these bonds have all been placed and are in the table of State debt). Section 16 further provides that no bonds shall be sold for less than par and accrued interest or bear a greater rate of interest than 6%, nor shall the total bonded indebtedness of the Board of Commissioners of the Port, for all purposes exclusive of the bonds for the construction of the Navigation Canal ever exceed the sum of $35,000,000. Section 16 also provides that Act 244 of 1914, adopted as an amendment to the Constitution, is continued in force for the purpose of completing the construction and authorizing the maintenance and operation of the Navigation Canal, and which limits the amount of bonds to be issued for such purpose to $25,000,000. Sub-section (c) of Section 22 of Article 6 provides that no debt shall be created, or certificates of indebtedness or bonds issued, to be paid in the future out of the proceeds realized from any State tax or license to be collected under and by virtue of this section, or imposed thereunder by the Legislature, but the said licenses and taxes shall be collected from year to year and expended for the purpose of the construction and maintenance of the system of State highways and bridges.

Section 24 of Article 6 also relates to highway construction, and reads as follows:

"Section 24. Nothing in this Constitution shall affect the bonds issued under Act No. 18 of the special session of the Legislature of 1918 for the building of the 'New Orleans-Chef Menteur' and the 'New Orleans-Hammond' highways, and said bonds thus issued in principal and interest shall be paid as provided in said Act."

Section 3 of Article 16 gives the Legislature power to authorize levee districts to issue bonds for funding taxes levied in excess of 5 mills on the dollar of the property valuations, such bonds to bear no more than 6% interest and to be sold at not less than par and interest. The Legislature of 1922 passed Act No. 38, carrying out this provision. Such bonds are to be issued only against taxes in excess of 5 mills on a dollar, which have been voted by the people.

Article 20 of the new Constitution gives authority to the General Manager of the State penitentiary, with the approval of the Governor, to issue $1,000,000 bonds for the purpose of acquiring approximately 5,000 acres of land adjacent to Angola Plantation in the Parish of West Feliciana. Interest on these bonds must not exceed 6%.

TAXATION OF MUNICIPAL BONDS.—Section 4 of Article 10 of the Constitution, adopted June 18 1921, provides that "obligations of the State or its political subdivisions shall be exempt from taxation."

MUNICIPAL BONDS AS SECURITY FOR POSTAL SAVINGS BANKS.—Regulations eliminating special assessment bonds as security for deposits held not to apply to bonds supported by a general tax limited in amount. See item under *Shreveport, La.*, in V. 98, p. 1179.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the *exemption from taxation*, under prescribed conditions, *of loans made upon mortgages of real estate* and the notes evidencing such loans and loans made by life insurance companies V 87, p. 1434.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26 1912 and April 22 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

SAVINGS BANK INVESTMENTS.—Savings banks are empowered to invest in United States bonds and bonds of the State of Louisiana and of the various levee districts, school districts and drainage districts of Louisiana and of the parishes and of such municipal corporations of Louisiana as shall not have defaulted in the payment of interest on their bonds for five years preceding the investment.

INT. on bonds of 1917 is payable at office of Board of Liquidation, City Hall, and in N. Y. City at Harris, Forbes & Co.; on other bonds at the City Treasurer's office, at City Hall by Board of Liquidation, at the fiscal agency of the Board in New Orleans and in New York by Winslow, Lanier & Co.

TOTAL DEBT—

	June 30 '22.	*June* 30 '22.
Tot. bd. dt.	$36,868,380	$37,231,960

In addition to the figures of total debt given above, there are outstanding $2,000,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer. Neither do the figures of bonded debt include the amount of accrued interest on premium bonds, which on June 30 1923 was $1,160,112; June 30 1922, $1,541,506; June 30 1921, $1,959,324; June 30 1920, $2,366,235; June 30 1919, $2,738,956.

On June 30 1923 the city had outstanding "Public Improvement Certificates." These certificates are issued by authority of Act No. 56 of 1908 and Act No. 159 of 1912, and bear interest at the rate of 5%. The City Council was limited to the issue of not exceeding $400,000 of these certificates payable out of the revenues of any one year. They were issued for various public improvements.

On Jan. 1 1923 the city had outstanding temporary loans in the amount of $1,500,000; special assessment paving certificates, $3,366,000; warrants, $25,283.25; vouchers, $246,808.89, and other obligations, $476,861.26, making a grand aggregate indebtedness, including all bonds and certificates, of $49,091,678.30 as of Jan. 1 1923.

PREMIUM BONDS.—The premium bonds ($20 each) receive no interest till drawn by lot for payment and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2,352 prizes, aggregating $100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value $420,000) were paid each year, in two installments of 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Jan. 31 and April 15 next preceding. The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.

The drawings to determine which bonds shall receive prizes (ranging from $20 to $5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Ory, who held five of the bonds, which are for $20 each. See V. 94, p. 223.

LEGISLATURE meets biennially in odd years on the second Monday in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3% 30-year bonds, denominations $500 and $1,000, except $15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to $24,300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void. By an Act of 1917 these bonds were reissued at an interest rate of 5%.

The total amount of bonds outstanding Oct. 1 1923 was $2,438,166.67 of which $1,314,500 are held by the State's School Fund and $123,666.67 by the permanent endowment fund of the University of Arkansas. The total cash balance of all funds on Sept. 30 1923 was $6,028,438.80.

TOTAL DEBT, &c.—The total bonded indebtedness of the State on Oct. 1 1923 was $2,438,166.67.

5% permanent school bonds issued in 1917 & maturing in 1947	$1,134,500 00
5% permanent school bonds issued in 1921 & maturing in 1947	180,000 00
5% University of Arkansas Endowment Fund bonds issued in 1917 and maturing in 1947	123,666 67
4¼% bonds (Borough notes) issued in 1917 and maturing A list of the bonds outstanding follows: $50,000 year in Sept. from 1924 to 1926	650,000 00
6% Penitentiary Funding bonds issued in 1921 and maturing $22,000 each year beginning with 1926 and continuing through 1941, except that in 1941 there will be only $20,000 to mature	350,000 00

DEBT NOT RECOGNIZED.—The State has never recognized the $1,986,773 7% Levee bonds which fell due Jan. 1 1900, claiming that the Act authorizing the issue of these bonds was never legally passed by the Legislature, in that roll-call was not had on the bill, which is contrary to the Constitution. A great many of these bonds, however, were used for the purchase of State lands. The Holford funding bonds of 1870, to amount of $1,370,000, which fell due Jan. 1 1900, also have not been recognized by the State. Certain railroad bonds such as the Little Rock & Fort Smith, the Little Rock Pine Bluff & N. O., the Miss. Ouachita & Red River and the Arkansas Central, which the State had also declined to recognize, were taken care of in the settlement perfected by the bondholders with the Missouri Pacific Ry. on its reorganization.

DEBT LIMITATION.—The provisions of the Constitution concerning State, county and municipal indebtedenss, are contained in Sections 1, 2 and 9 of Article 16. This section does not prohibit the State from issuing interest-bearing bonds or notes, but does prohibit the issuance of interest-bearing evidences of indebtedness by counties or municipalities. The issuance of bonds by improvement districts, such as school, levee, bridge, drainage, road and other improvement districts is not prohibited by the Constitution, and the Supreme Court of the State of Arkansas, in a series of decisions extending over a period of 25 years, has held, without qualification, that the above sections of the Constitution have no application to bonds issued by improvement districts, and that such districts have the right to borrow money, issue bonds or other interest-bearing evidences of indebtedness. Section 27, Article 19, authorizes the organization of improvement districts within the corporate limits of cities and towns. Bonds issued by the various improvement districts accordingly have a recognized standing, the taxes being collected by the county and municipal officials and the proceeds paid into the treasury of the districts.

Sections 1, 2 and 9, Article 16, and Section 27, Article 19, referred to above, follow:

Section 1. Neither the State nor any city, county, town or other municipality in this State shall ever loan its credit for any purpose whatever; nor shall any county, city, town or municipality ever issue any interest-bearing evidences of indebtedness, except such bonds as may be authorized by law to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall, from time to time, provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed ½ of 1% for all purposes, but may levy an additional ½ of 1% to pay indebtedness existing at the time of the ratification of this Constitution.

Section 27. Nothing in this Constitution shall be so construed as to prohibit the General Assembly from authorizing assessments on real property for local improvements in towns and cities, under such regulations as may be prescribed by law, to be based upon the consent of a majority in value of the property holders owning property adjoining the locality to be affected; but such assessments shall be ad valorem and uniform.

(At the general election Sept. 14 1914 a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 1185.)

(An amendment to the Constitution providing that the credit of the State might be loaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the November 1918 election.)

The State Supreme Court upheld the road-building law passed by the Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

TAXATION OF MUNICIPAL BONDS.—Bonds or other interest-bearing evidences of indebtedness issued by the State, or political subdivisions thereof, are subject to taxation as personal property, but only when owned or held by residents of the State.

FEDERAL FARM LOAN BONDS AUTHORIZED FOR FINANCIAL INSTITUTIONS, TRUSTEES, &C.—The 1921 General Assembly passed an Act authorizing the investment by financial institutions, trustees, &c., in bonds issued under the Federal Farm Loan Act. Sections 1 and 2 of the Act read as follows:

Section 1. That hereafter it shall be lawful for all banks, banking companies, trust companies, savings banks, building and loan associations, insurance companies, doing business in the State of Arkansas, all trustees and guardians of the estates of minors and insane presons, executors or administrators, to invest their funds in bonds issued under the Act of Congress, dated July 17 1916, entitled the "Federal Farm Loan Act," or any Act amendatory thereof.

Sec. 2. That hereafter it shall be lawful for any person, firm or corporation, now or hereafter required by law to maintain a cash deposit as public security, or in lieu thereof to file a bond of approved security in favor of the State of Arkansas, to deposit with the officer of the State of Arkansas now or hereafter designated as the custodian of such funds, in lieu of such cash deposit, an amount of bonds issued under the Act of Congress, dated July 17 1916, known as the "Federal Farm Loan Act," which, at the market value thereof, shall equal or be in excess of the amount required as such cash deposit.

Section 3 repeals all laws conflicting with this Act.

POPULATION.—The population has been as follows:

1920	1,752,204	1880	802,525	1840	97,574
1910	1,574,449	1870	484,471	1830	30,388
1900	1,311,564	1860	435,450	1820	14,255
1890	1,128,179	1850	209,897	1810	1,062

The proportion of the colored population was 26.9% in 1920, 28.1% in 1910, 28% in 1900, 27.59% in 1890 and 26.25% in 1880. In numbers, blacks were 472,220 in 1920, 442,891 in 1910, 366,856 in 1900, 311,227 in 1890, 210,666 in 1880, 122,169 in 1870, 111,259 in 1860, 47,708 in 1850.

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January, and sessions are limited to 60 days at $5 per day and $2 per day thereafter without limit.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1894, pages 174 and 175.

At the time of the panic in 1907 State was for a few days obliged to suspend *cash* payments, but merely because of its inability to secure cash from the 31 State depositories with which the State had on deposit at the time $1,504,637 45. See V. 85, p. 1289, and V. 86, p. 240.

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which required that property be assessed at its full value.

DEBT LIMITATION.—*State.*—Section 49, Article 3 of the State Constitution reads "No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed, in the aggregate at any one time, two hundred thousand dollars."

Section 50 of the same Article prohibits the Legislature from giving or lending, or authorizing the giving or lending of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other; or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation.

Counties, Cities, Towns, &c.—Section 52 of Article 3 of the State Constitution states that the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of; or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association, or company; provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State, and which may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds (2-3) majority of the resident property taxpayers voting thereon, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth (¼) of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize and in such manner as it may authorize the same for the following purposes: Improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes, construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof; construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof. Sec. 4 of Article XI relates to cities and towns of 5,000 or less population and as amended in Nov. 1920 limits the annual tax which may be levied by such municipalities to defray the current expenses of local government for any one year to 1½%. Sec. 5 of Art. XI stipulates that in cities of over 5,000 inhabitants no tax for any purposes in any one year must exceed two and one-half per centum of the taxable property, and provides that no debt shall ever be created by any city or town unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and create a sinking fund for at least two per cent (2%) thereon. By Sec. 6, Art. XI, counties, cities and towns are authorized to levy taxes necessary to pay the interest and provide a sinking fund to satisfy any indebtedness legally made and undertaken; but all such taxes shall be assessed and collected separately from that levied, assessed and collected for current expenses of municipal government, and shall, when levied, specify in the Act of levying, the purpose therefor, Sec. 7, Art. XI, provides that all counties and cities bordering on the coast of the Gulf of Mexico are authorized, upon a vote of two-thirds (2-3) of the taxpayers therein, to levy such tax for construction of sea-walls breakwaters or sanitary purposes, and may create a debt for such works and issue bonds in evidence thereof. But no debt for any purpose shall ever be incurred in any manner by any city or county unless provision is made, at the time of creating the same, for levying and collecting a sufficient tax to pay the interest thereon and provide at least two per cent (2%) as a sinking fund.

A joint resolution, amending Article XVI of the Constitution of Texas, authorizing the city and county of Galveston to issue $5,000,000 seawall bonds, passed by the 1919 Legislature, was approved by the voters at the November 1919 election.

School Districts.—Section 3 of Article VII of the constitution authorizes the Legislature to provide for the formation of school districts by general or special law and the same section provides that, with the approval of a majority of the qualified tax-paying voters, such districts may levy a tax of not to exceed (as amended Nov. 2 1920) $1.00 on the $100 valuation, this limitation, however, not to apply to incorporated cities or towns constituting separate and independent school districts.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out *prior* to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city"; also excepting bond issues for less than $2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued"] to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's Department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. V. 97, p. 310.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's Department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts, drainage and levee districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788 V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; V. 97, p. 310 V. 103, p. 863; V. 103, p. 2445; V. 109, p. 2374; V. 110, p. 783, and V. 114, p. 1685.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the Department of Insurance and Banking wrote us in part as follows concerning the law regulating the investment of funds of savings institutions in Texas

"* * * While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unmingled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds of the State of Texas, or of any State of the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.

5. In bonds or notes secured by first mortgage, deed of trust or other valid lien on unincumbered, improved real estate to run for a term of not longer than ten years, situated in the State, worth at least twice the amount loaned thereon, such bonds or notes to be always accompanied by a complete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the laws of this State, certifying said bonds or notes to be the first lien on the land mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described."

The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See item under *Cameron County Irrigation District No. 1*, on page 1312, of the "Chronicle" for Oct. 31 1914.

POPULATION.—The population of Texas has been as follows:

1920	4,663,228	1890	2,235,523	1860	604,215
1910	3,896,542	1880	1,591,749	1850	212,592
1900	3,048,710	1870	818,579		

Of the total population in 1920, 741,694 were blacks, which compares with 690,020 in 1910, 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1920 being only 15.9% and for 1910 only 17.7%, against 20.4% in 1900, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.
This is the capitol of the State and the county seat of Travis County. First incorp. Dec. 27 1839. On Dec. 29 1908 a new charter was favorably voted providing for a commission form of government.
The Austin dam, water-works, electric-light and power houses, for the building of which bonds were issued, were destroyed by the disastrous flood that visited Texas in April 1900 (V. 70, p. 755), but a new, larger and better dam has now been completed at a cost to the city of $1,720,000. An adjustment of the old debt on the basis of new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee in August 1901. For details see V. 73, p. 459. All these bonds have been refunded. See table below.

§ INT. at Irving Nat. Bank, N. Y.
Under the terms of an ordinance passed by the City Council and ratified by popular vote, an agreement was authorized between the City Water Power Co. and the City of Austin, dated Sept. 22 1911, under which the entire property of the water company will be owned by the city upon the completion of the required payment of $64,800 per annum for 25 years and $100,000 cash upon the completion of the new dam. The annual payment mentioned above is made one-half every six months directly to the trustee (New York Trust Co.), which pays the interest and redeems bonds therefrom. The payments by the city are derived from the gross income of the city's water, light and power department, and the city is required by the ordinance to maintain water, light and power rates sufficient and adequate to pay the installments as they mature. The gross earnings of the water company in 1914 were $324,940.24 and the operating expenses $118,324.07.

FORT WORTH.
This city is county seat of Tarrant Co. Incorp. 1873. The validity of some of the city bonds was the subject of litigation, but decisions of the Court of Civil Appeals have confirmed their legality. See V. 66, p. 775; V. 67, p. 1072, and V. 76, p. 223. The city failed to pay its interest due in September and November 1899 (see V. 69, p. 711), but in January 1900 paid all arrears. In December 1900 an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a resolution to aid in the process was passed by the City Council. See "Chronicle," V. 72, p. 100. The Legislature of 1901 authorized $1,883,000 4% 40-year bonds to take up the old issues and $754,000 were refunded; remainder of new issue was then canceled and all further efforts to refund stopped.
The city of Polytechnic has been annexed by Fort Worth.

GALVESTON.
Galveston, the leading seaport of Texas, is the county seat of Galveston County, and was inc. in March 1839. It is the Eastern terminus of both the Atchison and Southern Pacific transcontinental railway systems. At a cost of over $5,000,000 the grade of the city has been raised and the beach front has been protected by a seawall and breakwater twenty-one feet above sea level; the seawall has proven its efficiency.

INT. on bonds payable in N. Y. City or in Galveston.
The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston. Bonds were issued aggregating $2,000,000 This donation, with a nominal tax, has been sufficient to pay the interest on all said bonds and retire some of them. There is now in the interest and sinking fund of these bonds $250,016.
In addition to the sinking fund as given above, the city owns $622,200 wharf company stock. Also owns a water-works plant valued at $2,073,190, an electric-light plant, sewer plant, &c. The conservative value of its public property at present is $8,313,266.73.
Sink. fd. receives yearly an amount equal to 2% of outstanding bonds.
The city holds as a reserve fund $25,000 set aside by its charter.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, and is exclusive of interest charge on Pacific Railway bonds, but is incorrectly swelled to a small extent by interest on Thrift Stamps which are not separately stated.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

•*Note* 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold reserve fund as a separate item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

a Under the new form of statement issued by the Treasury Department the gold reserve ($152,979,025 63 Nov. 30 1923) is deducted from the total of United States notes outstanding, decreasing to that extent the debt bearing no interest and consequently making a similar reduction in the balance of cash available to pay maturing obligations

Availability of Municipal Bonds as Security for Deposits of Postal Savings Funds.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of July 2 1918. Under these amendments certain limitations in the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should not be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than $100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed $1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate $1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 which is contained in the Postal Service Appropriation Act for 1919, approved July 2 1918, went considerably farther in extending the aggregate of money an individual may keep on deposit. It provides that the amount to the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed $2,500, and that non-interest-paying deposits shall not be accepted. And this is the law as it now stands.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster-General, the Secretary of the Treasury and the Attorney-General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and were promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds and again in 1919 so as to include War Finance Corporation bonds. Some other but minor amendments were also approved by the Board of Trustees during 1917. These are all incorporated in the transcript of the rules given below.

As far as prices are concerned, State bonds and also bonds of the Territory of Hawaii are accepted at their market value, but not above par; bonds of any city or county having a population of over 30,000 are accepted at 90% of their market value, but if such market value is above par they will be accepted at only 90% of the par value; bonds of any city, town, borough or village in the United States having a population running between 20,000 and 30,000 are accepted at 80% of th ir market value, provided said market value is not in excess of par; while bonds of any other city, town, county or other legally constituted municipality or district in the United States, otherwise eligible, are accepted at 75% of their market value, but not to exceed 75% of the par value. The eligibility of the securities is fixed by Sections 9 to 12 of the regulations. We now give Sections 8 to 12 of the Board's regulations in full with all amendments included:

SECURITY FOR DEPOSITS.

Sec. 8. The Board of Trustees hereby prescribes and approves such security in public bonds or other securities, authorized by Act of Congress or supported by the taxing power, as it deems sufficient and necessary to insure the safety and prompt payment on demand of postal savings deposits, and fixes the value at which the securities so prescribed and approved sha llbe accepted for the purposes named. Such securities, in the amount so specified, shall be deposited with the Treasurer of the Board of Trustees.

2. The Board of Trustees will accept as security for postal savings deposits, at the respective values herein fixed, negotiable interest-bearing bonds or securities, issued under express constitutional or statutory provisions, of the following classes, viz.:

(a) Bonds and interest-bearing certificates of indebtedness of the United States, bonds of the Philippine Islands, of the District of Columbia, of Porto Rico, Farm Loan bonds authorized by Act of Congress approved July 17 1916 (39 Stat. 360), and War Finance Corporation Bonds authorized by Act of Congress approved April 5, 1918, as amended by the Act approved March 3, 1919, will be accepted at their par value.

(b) Bonds of any State of the United States and of the Territory of Hawaii will be accepted at their market value, but if such market value is above par, they will be accepted at their par value.

(c) Bonds of any city or county in the United States having a population of over 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the whole or the major portion of any such city is included, which city, county, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 90% of their market value, but if such market value is above par, they will be accepted at 90% of their par value.

(d) Bonds of any city, town, borough, or village in the United States, having a population of over 20,000 and not exceeding 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the whole or the major portion of any such municipality is included, which city, town, borough, village, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 80% of their market value, but if such market value is above par, they will be accepted at 80% of their par value.

(e) Bonds of any other city, town, county, or other legally constituted municipality or district in the United States, which has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 75% of their market value, but if such market value is above par, they will be accepted at 75% of their par value.

3. The term "*net funded indebtedness*," for the purposes of paragraph 2, (c), (d), and (e), is hereby defined to be the difference between the legal gross indebtedness of a city, town, county, or other legally constituted municipality or district (including the amount of the bonds of any civil division whose territorial limits are approximately coterminous therewith) and the aggregate of the following items, when included in such legal gross indebtedness:

(a) The total of all sinking funds accumulated for the redemption of such gross indebtedness, except sinking funds applicable to bonds hereafter described in this section.

(b) The amount of outstanding bonds or other deb t obligations made payable from current revenues.

(c) The amount of outstanding bonds issued for the purpose of providing the inhabitants of a municipality with public utilities: *Provided*, That evidence is submitted showing that the income from such utilities has proved to be sufficient for maintenance, for payment of interest on such bonds, and for the accumulation of a sinking fund for their redemption.

(d) The amount of outstanding improvement bonds, issued under laws which provide for the levying of special assessments against abutting property: *Provided*, That evidence is submitted showing that assessments are levied in sufficient amounts to insure the payment of interest on the bonds and the redemption thereof.

(e) The amount of outstanding bonds issued by a political subdivision, funds for the payment of which are donated by the State: *Provided*, That evidence is submitted showing that such funds are sufficient in amount to insure the payment of interest on the bonds and the principal thereof at maturity.

4. The Board of Trustees reserves the right to re-classify the securities acceptable for deposits and to change the valuation at which they will be accepted. Under no circumstances will securities of other classes than those above named be accepted.

Sec. 9. Bonds of the several classes described in Section 8, Paragraph 2, (b), (c), (d), and (e), to be acceptable as security, shall be the general obligations of the States, Territories, counties, cities, towns, or other political divisions by or in behalf of which they are issued, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes authorized to be levied upon all the taxable real and personal property within the territorial limits of such political divisions; *Provided*, That in any case where the rate of tax may be subject to a constitutional or statutory limit, the Solicitor for the Post Office Department may require satisfactory evidence that, notwithstanding such limit, the interest and principal of the bonds can be paid after making due provision for current expenses, interest and principal of outstanding debts, and other necessary charges.

Sec. 10. Obligations of the general class embracing what are commonly known as 'revenue bonds," "temporary bonds," "temporary notes," "certificates of indebtedness," "warrants" and the like obligations, whether issued in anticipation of the collection of taxes, assessments, or other revenues, or of the sale of bonds or other obligations, or for similar purposes, will not be accepted as security for postal savings deposits: *Provided*,

That, in applying this regulation, consideration will be given to the legal status of the obligations submitted rather than to the nomenclature employed in designating such obligations. *And provided further*, That this regulation shall not apply to obligations of the United States Government.

Sec. 11. Bonds which in all other respects are found to be legally acceptable as security under the Postal Savings Act and these regulations will be construed, as a matter of law, to conform to those provisions of Section 8, Paragraph 2, (*c*), (*d*), and (*e*), respectively, which relate to term of existence and non-default, under the following conditions:

(*a*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which was, subsequently to the issuance of such bonds, consolidated with, or merged into, an existing political division which meets the requirements of these regulations, will be deemed to be the bonds of such political division: *Provided*, That such bonds were assumed by such political division under statutes and appropriate proceedings, the effect of which is to make such bonds general obligations of such assuming political division, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes levied upon all the taxable real and personal property within its territorial limits.

(*b*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which was, subsequently to the issuance of such bonds, wholly succeeded by a newly organized political division, whose term of existence, added to that of such original political division, or of any other political division so succeeded, is equal to a period of 10 years, will be deemed to be bonds of such succeeding political division: *Provided*, That during such period none of such political divisions shall have defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it: *And provided further*, That such bonds were assumed by such new political division under statutes and appropriate proceedings the effect of which is to make such bonds general obligations of such assuming political division, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes levied upon all the taxable real and personal property within its territorial limits.

(*c*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which, prior to such issuance, became the successor of one or more, or was formed by the consolidation or merger of two or more, pre-existing political divisions, the term of existence of one or more of which, added to that of such succeeding or consolidated political division, is equal to a period of 10 years, will be deemed to be bonds of a political division which has been in existence for a period of 10 years: *Provided*, That during such period none of such original, succeeding, or consolidated political divisions shall have defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it.

Sec. 12. The Treasurer of the Board of Trustees shall make examinations semi-annually, or oftener if he deems it necessary, of the securities which have been accepted from qualified banks, and whenever, in his judgment, any of such securities have so far depreciated in value as to make desirable the deposit of additional or new securities, he shall inform the Director, Postal Savings, of the name of the bank, the kind and amount of the securities, and the amount of the depreciation. The Director, Postal Savings will notify the Treasurer and the bank of the amount of additional or new securities which the bank shall deposit, and upon their receipt by the Treasurer, the procedure provided in Section 6 as to their acceptance or rejection, and in Section 22, as to the return of the original securities if new securities are required, shall be followed: *Provided*, That the re-valuation of securities required by this section may be deferred when in the judgment of the Board of Trustees such action is advisable

Note.—On Oct. 19 1917 the Board of Trustees of the Postal Savings, by resolution, deferred the re-valuation of securities required by Section 12 until further action by the Board, except in special instances, when re-valuation is deemed expedient.
